

1928 C.E. - 1933 C.E.
The U.S.: Bankruptcy And The Moors

20455280002

The purveyors of so-called white supremacy were just walking along minding their own business; suppressing, destroying, and/or misrepresenting the truth about history... Moor's history in particular when out of no where came the savior for the fallen people that they had extinguished the light and life within. His appellation is Noble: Drew-Ali.

Having traveled the world, Noble: Drew-Ali obtained knowledge, wisdom, understanding, and over-standing into the many truths the oppressors were working so hard to hide. After detecting our true identity as Moors and our true history as possessors of the oldest artifacts and burial sites in what has been misnomered as the so-called "Americas" as opposed to the lies the so-called white supremacist was spewing forth [All "blacks" were brought to the "Americas" by us to be our slaves]; Noble: Drew-Ali implemented a series of actions to begin the process of resurrecting our people from the comatose and dead levels. These efforts culminated in the re-emergence of the Moors as a community in the sense of a body-politic that was gestating/rebuilding into a nation once again.

In 1928 C.E., the Pan-American-Conference was held in Havana, Cuba. Secretary Of State Hughes went down to represent the United:States and Noble: Drew-Ali went down to represent the Moors. At that conference, the mandate for the land mass of Greater-Amexem [North, Central, and South-Central-Amexem] misnomered as the North, Central, and South "Americas" was returned to the Moors. Noble: Drew-Ali knew what this meant and what the ramifications of this was and is. Several stop gap measures were taken by Noble: Drew-Ali to secure our [The Moors] birthright inheritance and beneficiary interest as Moors to the land mass within the aforementioned land mandate.

The actions of Noble: Drew-Ali were detected by the so-called white-supremists and they immediately proceeded to act to do all they could to impede his work and take him out.

Fortunately natural law governs all events thus by the time the oppressor made his move on Noble: Drew-Ali, Noble: Drew-Ali had already put things in motion. This scared the international banksters because land and labor is where of your wealth comes from in the carnal world and Noble: Drew-Ali had just yanked all the land from so-called "Argentina" to so-called "Argentina" out from under them. Even though we, the Moors as a community were mentally comatose at that time the international banksters recognized that the potential for our instant return to our place of eminence on the global scene existed. Thus the international banksters recalled all of their loans in a panic which in turn put a squeeze on their stock market which caused its collapse 2 months after the assassination of Noble: Drew-Ali.

Nevertheless the so-called European on both sides of the Atlantic knew that their system was and is existing and functioning on borrowed time. They also realize that the length of that borrowed time is directly tied to the length of our [The Moors] ignorance/lack of knowledge of our self, our history, our culture, and what is rightly/justly ours. This fact is what has compelled the so-called white supremacist to do all that is possible to keep the undeclared/mentally-comatose-oppressors from ever waking up and reclaiming all that rightly belongs to our people and at the same time; keep the rank and unsuspecting so-called "Europeans" from finding out what is really going on.

Noble: Drew-Ali's works as a result of what transpired at the Pan-American: Conference touched off a flurry of activity on both sides of the Atlantic because the so-called "European" from both sides of the Atlantic knew what was coming as a result. The actions of Noble: Drew-Ali caused the so-called "Europeans" to assemble themselves to conspire and plot a way to deal with what they thought would be the re-emergence of the Moors to whom their respective countries are tributary to as they always have been [The U.S. And Barbary Powers by David Macritchie written in the 1800's C.E. documents this fact].

Noble: Drew-Ali knew that the time of our [The Moors] resurrection had not come and knew that his days were

numbered. In fact, Noble: Drew-Ali stated "It will take you Moors 50 years to figure out what I have done. What I have done is not for you Moors but for the 3rd and 4th generation from now. There will be new Moors that will come with their eyes open seeing and knowing and they will set you old Moors in the back and carry out my law". The so-called "European" was horrified at the potential of our people rising 71 years ago yet Noble: Drew-Ali knew our minds were ready then.

Nevertheless the so-called United:States, Great-Britain, France, Germany, Italy, Spain, and Portugal convened in Geneva, Switzerland for 5 continuous years [1928 C.E.-1932 C.E.] to set up what would be the policy of all of the participating countries. These 5 years of meetings became known as the Geneva-Convention. In 1930 C.E., the so-called United:States, Great-Britain, France, Germany, Italy, Spain, and Portugal all declared bankruptcy. Any attempt to obtain the minutes of the 1930 C.E. Geneva-Convention are futile because they publish the volumes of minutes for every year of the Geneva conventions including 1930 C.E. but refuse to make the 1930 C.E. minutes available to the public because they contain the evidence of the bankruptcy.

Going into 1932 C.E., the aforementioned states stopped meeting in Geneva. In 1932 C.E. Franklin-Roosevelt became the U.S.: President and his job was to put into place and administer the bankruptcy that the United:States had declared 2 years earlier and hide the bankruptcy from the unsuspecting public by establishing a re-organization plan [The New Deal/Administrative State that functions under the "color" of the United States of America]. The United States of America and the United States for America along with the United-States: Constitution became defunct from that moment on and all that remained was the insolvent/bankrupt for profit corporation known as the United:States/UNITED STATE: Codified and documented in Title 26 of the Code of Federal Regulations section 1.911-2(h), In Re Merriam 36 NE 505. 41 N.Y. 479 upheld by the 16 S. Ct 1073. 163 U.S. 625 41 L.Ed 287 See also 16 Stat 419 and District-Of-Columbia-Vass 103 U.S. 705.26-1 Ed.455] operating a democratic military venue

under martial law [War Powers Act] and the Uniform-Commercial-Code [Hebrew Commercial Law].

The so called "States" all revamped their local constitutions by 1938 C.E. to take into account their capitulation to the bankrupt mother corporation doing business as the United:States thus clearing the way for the Buck Act of 1940 allowing the corporate United:States to extend its jurisdiction and by default usurp all sovereignty over the now defunct state-Republics.

Getting back to Roosevelt, he was sworn into the United-States: Presidency in January 1933 C.E. and wasted no time getting started with the bankruptcy. Roosevelt immediately shut the banks down [Banking Holiday] and proceeded to pull all of the gold out of circulation while replacing it with a debt currency/tender/i.o.u. with the Moors' seal [The pyramid with the all seeing eye] on the back of the U.S.: 1 dollar bill/federal reserve note.

The Clock of Destiny Book II by C.M.: Bey on page 6 states "The Amazon red skin white moors' progress was guided by the cycle of the planets Jupiter and Mars from 1789 C.E. to 1933 C.E., a period of 140 years. Mars passes through the 12 signs of the zodiac 72 times and Jupiter passes through the 12 signs of the zodiac 12 signs in a 140 years. Mars from 1789 C.E. to 1933 C.E. spelled the rise and fall of Rome on a universal scale [Take note of the Fasci symbols on both sides of the speakers podium in the U.S.: Congress]. Keeping in mind that the first 8 presidents were Moors and they were in power from 1776 C.E. to 1789 C.E. when the keys of power were transferred into the custodianship of the mystic Turks [So-called "European" Masons] and Shriners that the Moors charged with the duty and responsibility of protecting our sacred shrine [New-Jerusalem/Washington, D.C.] and our sciences until we as a people arose from our state of spiritual, moral and ethical decay and awaken from our slumber to reclaim all that rightfully belongs to us from their custodianship.

The 9th U.S.: President, George-Washington was a Grand Master Mason under the tutorage of Emmanuel-Muhammad-Ben: Bey [Benjamin-Banneker]. George-Washington was the first and U.S.: President and Grand Master Mason Franklin Roosevelt was the last so-called "European" President to rule in that 140 year cycle.

Roosevelt knew that he was the last to rule in the 144 year progressive cycle of Roman universal influence when he established a new order or new deal idea and broke the Roman order by ruling for 12 years which is the measurement of a man. When Roosevelt was giving those famous fireside chats, he knew what was taking place [The beginning of the

gradual return of the keys of power to the rightful owners, the Moors]. Everything that was taken from us [Moors] is quietly being prepared for its eventual return to us [Moors]; the gold [The U.S. is tributary to the Moors and they have to repay a 25 million dollars in gold loan that we made to the U.S.: Government in 1861 C.E. that the U.S.: Congress is responsible to repay which is why the seal of the Moors is on the back of the U.S. 1 dollar currency/tender/i.o.u.] and all of the land was taken and so called whites were reduced from landowner status to mere land user status. The land they murdered my ancestors for and stole so that they could fraudulently provide their silent cohorts/their people with fraudulent land grants, land patents, and allodial titles that those thieves and their descendants have no spiritual, moral, or ethical right to [The same applies in Kenya, Zimbabwe, so-called South-africa, Australia, etc.] yet they claim they are a "God fearing nation"... If this is so, the Doctrine of Discovery from the Vatican which is still in force would cease to exist effective immediately. If this is so then the so called whites will gladly return our lands, repay the loan we made to them, make recompense to us for the Tuskegee Experiment, Emmitt Till, Maurice Bishop, The Berlin Conference, and pay too much to list here [But don't worry... We will get to that too!!!] to be in harmony with the God the so called "European" claims to love, honor, respect, and obey.

The United:States is bankrupt and its sovereignty is gone. The courts in the U.S. and the States are not solvent thus the Courts and Prosecutors cannot have nor bring a claim against anyone because as a bankrupt entity it has no authority to operate. Therefore the courts in the U.S. and the States cannot and will not resolve any issues. Technically, there are no more courts in the U.S. and the States. There are only private corporations doing business as quasi courts with magistrates and administrative judges (An administrative judge is not the same as a judge).

The U.S.: Bankruptcy is expressed in Franklin-Roosevelts' Executive Order Numbers: 6073, 6111, and 6260 (See U.S. Senate Report 93-549 pp. 187, 594) under Trading With The Enemy Act of 1917 codified as United-States-Code: Title: 12: Section: 95a: House Joint Resolution 192 of June 5, 1933 C.E. confirmed in Perry-v-U.S. (1933), case site 294 U.S. 330-381 and United-States-Code: Title: 31: Sections: 5112 and 5119.

United-States: President: William-J-Clinton and his staff as well as his successors, and U.S.: Speaker: J-Dennis- Hastert are well aware of the re-emergence of the Moors on the global scene in the form of the **Amexem-Moor-Empire**. All of the aforementioned parties know that the day they or their successors return the keys of power to the original and legitimate owner, the Moors is rapidly approaching.

The **Amexem-Moor-Empire**: National, Regional, and local government is on scene, fully operational, and ready to govern by and under the power, authority, and permission of the Superb and Supreme: Divine-Creator of all things.

**THIS IS OUR SOCIAL SECURITY FOR THE 21ST CENTURY.
I ASK YOU TO READ THE TRUST CHART AND SEE HOW IT UNFOLDS**

**We need the Unity of the Moors! IT IS TIME!!!
Calling all, "Bey's, El's, Ali's, and Dey's"! Peace!**

**The Expressed Trust
Written Chart**

There are **six (6)** instruments used by the trustee to establish the legal existence of the Express Trust created by the trustor, Prophet Noble Drew Ali, in 1928 for the benefit of Moorish-Americans.

The instruments are:

1. **A certified copy of Our Authority, a Torren System Registration (an abstract of title)**, made directly from the Recorder of Deeds Office of Cook County, Illinois. (Then see Smith-Hurd Illinois Annotated Statutes, Chap. 32, Sec. 165, 170 and 182.)

Under **Article 4, Section 1 of the Constitution of the United States** this instrument must be given full faith and credit by the Circuit Court for Prince George's County, Maryland as official public acts of another sovereign state.

This deed has been on record for over 30 years and coming from a natural and reasonable official custody. Therefore, it comes under the ancient document rule.

2. A sealed copy of the Moorish Holy Koran of the Moorish Science Temple of America prepared by the trustor Prophet Noble Drew Ali. In this sealed instrument, specifically **Chapter 47, is the actual Deed of Conveyance.**

Chapter 47 is the actual conveyance part of the deed. Sections one (1) through seven (7) **contain the premises of the deed**; in Section six (6) **the original grant is made to the ancestors (Moabites)** of the present true owners (Moorish-Americans). In Section seven (7) **the trustor gives a description of their estate by metes and bounds**; also see Sections ten (10) through seventeen (17). This is unequivocally **a fee simple estate**.

The trustor Prophet Noble Drew Ali affixing the seal to this instrument constitutes a prima facie showing that the instrument is the act of the Corporation. See seal generally 23 Am Jur 2d, Section 27.

"Due Weight must be given to all words used by the trustor in determining his intention. The object of construing an instrument creating a trust is to ascertain the intent and purpose of the settlor, and to effectuate that purpose in so far as it is consistent with rules of law..."

..."If the trustor has clearly expressed one intention, the court cannot impute to him another". Gillespie v Smith, 29 Ill 473; and 76 Am Jur 2d, Section 17 Construction.

3. Act Six (6) of the Divine Constitution and Bylaws of the Moorish Scient Temple of America recorded on Page 8 of the Holy Koran questions for Moorish Americans. This instrument and act **clearly identify the true owners of the land, or trust property, described in Chapter 47, the actual Deed of Conveyance.** These are the words of the **trustor, identifying the beneficiaries of the trust property and describing their land and great estate.**

This act and instrument identify one of the primary terms of the trust:

"With us all members must proclaim their nationality and as mentioned above, it positively identifies the beneficiaries".

4. The trustor's edict (recorded in the Moorish Literature pamphlet, Page 11) he issued at the 1928 convention announcing his authority and power. In the first clause of the second paragraph is where the trustee derives his authority and power and it is directly from the trustor Prophet Noble Drew Ali. Specifically, he said: "All authority and power of the Moorish Science Temple of America is vested in the Prophet Noble Drew Ali and those who he appoints to act as in the **Supreme Body**". This is **positive law**.

Although the trustor had to repose the legal title in the trustee, the trustee did not have to be named. Notwithstanding, Frank Lewis El-Bey was designated trustee in accordance with the manner in which the said trust was created. In other words, "a trustee may be indicated and assume responsibility as such without the express designation". 76 Am Jur 2d, Sec. 119, p. 362. **That is one of the advantages of the trust institution, technical or particular words or phrases are not required or essential to the manifestation of an intention of a settlor to create a trust.** 76 Am Jur 2d, sec. 41, p. 287.

Knowledge of the Express Trust existence was reposed in the trustee (Frank-Lewis El Bey) enabling him through study, revelation and action to discover it in 1978. In 1981, he **was delivered a certified copy of the trust instrument with muniments of title and accepted them, thus the legal title vested in him.** However, under Illinois's law, legal delivery and vesting the legal title in the trustee in this particular case relates back to August 1, 1928 the date the instrument was deposited. *Clark v. Clark*, 183 Ill 448, 56 NE 82. See 23 Am Jur 2d, sec. 284, p. 318

("Where a deed is placed in the hands of a **third person who is agent** for the grantor alone, **the delivery dates from delivery to the grantee, not from delivery to the agent,** especially as between the grantee and a claimant of immediate right. **On the other hand, where the deed was irrevocably deposited,** ultimate delivery to the grantee relates back to the time of the original delivery") Also see 23 Am Jur 2d, sec. 131, pp. 179-180.

("Where the grantor delivers the deed to a third person with the intention that the title thereby pass to the grantee, but **the recipient has no authority to receive the deed** in behalf of the grantee, **the grantee may ratify what was done in his behalf,** and the imperfect delivery thereupon becomes complete and perfected").

CONSTITUTIONAL GUARANTIES;

4a. A vested right, within the meaning of the provision that vested rights are within the protection of constitutional guaranties, has been defined as "an immediate fixed right of present enjoyment, or a present fixed right of future enjoyment".

4b. A right is "vested" when there is an ascertained person with a present right to present or future enjoyment.

4c. If a right in property is actually vested, constitutional guaranties protect it from such retrospective legislation as would impair it. 28 Am Jur 2d, Sec. 6, p. 76.

5. Inasmuch as ejectment is a possessory action, the plaintiff must show a right of possession that is present or immediate, as well as a legal estate in the property sought to be recovered; and unless both facts are established, the defendant must prevail. Anything which deprives a plaintiff of his present right to possession will deprive him of the remedy of ejectment.

5a. The right of entry, not the entry itself—the right of possession, not actual possession—are the essentials of an action in ejectment. *Ewert v. Robinson* (CA8) 289 F 740, 35 ALR 219. Also, see 25 Am Jur 2d, sec. 45, p. 572, 573.

EJECTMENT OR POSSESSORY ACTION;

6. Generally speaking, whatever show that the plaintiff is not entitled to the immediate possession of the premises claimed constitutes a good and valid defense in an action to recover possession.

5a. Rightful possession is a defense in ejectment. *Bradley v. Lightcap*, 195 US 1, 49 L ed 65, 24 S ct 748.

5b. Since the plaintiff in an action of ejectment must, as a general rule, recover, if a recovery may be had, on the strength of his own title, and not from the weakness or want of title of his adversary, the defendant, unless estopped from controverting the plaintiff's title, may rest on his possession and attack the title under which the plaintiff claims. *Smith v. McCann* (US) 2 How 398, 16 L ed 714. Also, see 25 Am Jur 2d sec. 57, p. 579.

7. The defendant in jectment can never defend his possession against the plaintiff upon a title in himself by which he could not recover the possession if he was out and the plaintiff in possession. *Hickey v. Stewart* (US) 3 How 750. 11L ed 814. Where one in the actual possession of property defends his right of possession upon the ground that the government, state or national, has placed him in possession, he must show that the right of the government is paramount to the right of plaintiff otherwise judgment will go against him. *Scranton v. Wheeler*, 113 Mich 565, 71 NW 1091, affd 179 US 141, 45 L ed 126, 21 S Ct 48. Also, see 25 Am Jur 2d sec. 22, p. 556.

ALLODIAL PROPERTY TITLE

1. The U.S. and Oregon Constitutions establish jurisdiction ONLY OVER PUBLIC EMPLOYEES; such jurisdiction even over public employees is relative only to the performance of their lawful duties. Beyond the scope of their duties, they are common law citizens.
2. Our common law right to property DOES NOT establish any rights which are said to be rights of property, (asserting that the property itself has rights). Rights TO property are inherent in the owner of the property, not the property.
3. Allodial title indicates ABSOLUTE ownership BY a person of property, not exclusive to REAL property. A common law citizen can also be said to be an "allodial citizen", having ABSOLUTE RIGHTS GIVEN BY GOD.
4. Allodial title then, is derived not by a grant of the state, but rather by virtue of the fact that it's owner is in ABSOLUTE ownership of that property.
5. The state may recognize allodial title, but it is not put in a delegated position of determining whether allodial is to be had or not to be had. The status of the allodial title accrues at the time of purchase by a common law citizen, not at the time it is recognized by the state.
6. The status or standing attained by ownership is such that the state need only be NOTIFIED. The state has no authority to challenge the allodial title recognition of a property. Such authority has not been delegated to it by the people.
7. To challenge the allodial standing of a property is, actually to challenge the standing of the individual who owns the property, not the property itself.
8. The key point to press is just how allodial title is established. Allodial indicates "absolute ownership", therefore, assuming that the title is unencumbered, allodial title becomes automatic by virtue of ownership, not by state certification.
9. The validation of allodial title should involve no more than the owner declaring it to be so. A bill of sale and the transferred deed are proof of ownership. Neither the county or the state has delegated authority to require that the deed be filed or registered in the records of the county clerk.
10. Should any person wish to challenge the standing of ownership, the proof must be brought forth by the challenger. The standing of the property as under allodial title is not the issue in such case, only the ownership.
11. The aspect of declaring the property to be owned free and clear also suffices to establish it as being in allodial title. Recording of such declaration is optional to the owner and only for purpose of informing any interested parties of ownership. Recording of title must not be regarded as "application for" but as "declaration of" allodial title.
